

BONTERRA

Home Comfort & Energy Saving Features

- Asphalt composite shingle roof with a limited lifetime warranty
- Solar power system — our Purchase of Power program and professionally installed high-efficiency solar panels provide a clean and energy cost-savings alternative for electricity
- Below deck roof insulation — insulating the attic space keeps your attic cooler in the summer and warmer in the winter resulting in a more energy-efficient home
- Indoor air quality fan controls humidity and provides added comfort in the home
- Dual glazed, Low-E® energy-efficient, white vinyl windows and sliding patio door to backyard
- Energy-efficient LED carriage lights on garage
- Conduit for future electric vehicle charging station at garage
- Professionally designed, drought-tolerant, front yard landscaping including artificial turf, programmable irrigation system with timer and drip system in bedding
- Energy-saving weather stripping on all exterior entry doors (excluding side door entry to garage)
- 2-coat exterior stucco system with double 60-minute paper provides greater strength and increased weather protection
- Low VOC carpet and interior paint for improved indoor air quality
- Convenient indoor laundry wired for electric hookup
- Exhaust fans in all baths to remove excess humidity
- Smoke detectors in all bedrooms, and a carbon monoxide detector in all plans for your safety
- Energy-efficient recessed LED ceiling lights
- Programmable thermostat for easy, convenient temperature control
- Programmable, energy-efficient, hybrid heat-pump electric water heater
- Engineered fire sprinkler system throughout
- All homes meet or exceed California Energy Conservation requirements
- All homes are HERS certified with on-site, third-party inspections to ensure quality, energy efficiency and comfort
