## Home Comfort & Energy Saving Features

- 30-year asphalt composite shingles with a limited lifetime protection against wind and discoloration
- Solar power system — our Purchase of Power program and professionally installed high-efficiency solar panels provide a clean and energy cost-savings alternative for electricity
- Below deck roof insulation — insulating the attic space keeps your attic cooler in the summer and warmer in the winter resulting in a more energy-efficient home
- Indoor air quality fan controls humidity and provides added comfort in the home
- Dual glazed, Low-E<sup>®</sup> energy-efficient, white vinyl windows and sliding patio door (most plans) and single French door to backyard on the Carmel plan
- Energy-efficient LED carriage lights on garage to complement each elevation style
- Conduit for future electric vehicle charging station at garage
- Professionally designed, drought-tolerant, front yard landscaping including artificial turf, Wi-Fi programmable irrigation system with timer and drip system in bedding
- Energy-saving weather stripping on all exterior entry doors (excluding side door entry to garage)
- 2-coat exterior stucco system with double 60-minute paper provides greater strength and increased weather protection
- Low VOC carpet and interior Sherwin Williams<sup>®</sup> paint for improved indoor air quality
- Convenient indoor laundry wired for electric hookups including 220V for electric dryer
- Exhaust fans in all baths to remove excess humidity
- Early warning smoke detectors in all bedrooms, and a carbon monoxide detector in all plans for your safety
- Energy-efficient recessed LED ceiling lights
- Programmable Wi-Fi thermostat for easy, convenient temperature control
- Programmable, energy-efficient, 65 gallon, hybrid heat-pump electric water heater
- Engineered fire sprinkler system designed specifically for each plan
- All homes meet or exceed California Energy Conservation requirements
- All homes are HERS certified with on-site, third-party inspections to ensure quality, energy efficiency and comfort

## Exterior Features

- Architectural designs in the traditions of Modern, Traditional Farmhouse and Cottage
- Charming covered front porch on all exterior designs
- Courtyard on Carlton plan
- Siding, brick and stone veneer on selected exterior designs
- 8-foot, insulated, fiberglass entry door with view hole and Kwikset<sup>®</sup> brushed nickel handset
- Weatherproof exterior electrical outlets at front and backyard
- Garage fully drywalled and fire-taped with access to backyard
- Raised panel, steel, sectional-garage door wired for garage door opener; Modern elevation includes decorative windows
- 3-car garage on Naples, Aspen and Carlton plans
- Covered patio for outdoor entertaining on all plans
- Three conveniently located exterior hose bibb
- Private fenced back and side yards with gate
- HVAC – Ground mounted hybrid heat-pump condenser
